We again are here to offer you the best merchandise drawn only from homes and estates. From every corner of Denmark it comes directly to you. Although retail buyers are allowed to register and bid we primarily are a wholesale auction run in a warehouse for dealers of this type of merchandise - no online bidding! It is worth the trip from anywhere in the US & Canada. In a year of going to local auctions or estates you will never even come close to seeing the volume that we sell in one day. Buy 1 piece or a tractor trailer load. Not one piece of this is left over dealer stock. And one more bonus for dealers we never publish or release auction results so your customers can not call or search internet to find out where you got it or what you paid.
