The 64th Annual New Hampshire Antiques Show Is Back August 12-14

After a one-year hiatus, we are back. It has been a long time since most of us have seen old friends, and we are more than excited to greet them at the 64th Annual New Hampshire Antiques Dealers Show August 12-14. You may notice a few minor changes, but it is for the protection of both exhibitors and attendees. These changes, however, will not have any effect on the quality merchandise that will be offered. As always, our exhibitors have been squirreling items away (in some cases for two years) to bring out of hiding at our annual event.

We welcome new exhibitors this year who have been selected to join us. A few "old" faces will be missing due to varying circumstances, but those taking their places will offer the same quality that has been associated with our show for the past 64 years.

One face that will be sadly missed by all of us is "Smitty" Axtell. He has been taken from us way too soon. It was a pleasure to have had him as an exhibitor and friend. It will seem odd to pass the corner booth on the lower level and not see Smitty sitting there with a big smile and a brightly colored sports coat. Safe journeys Smitty and I'm sure you will be welcomed by our show alumni who have preceded you on your way to that antiques show in the beyond.

Since I've been in this position for as long as I have, I was asked to submit a more recent photograph of myself to include with this welcome letter. After a little thought, I decided to still run with the old one. This Show Section does not need an antique with a lot of "make-do" repairs, the likes of which would certainly fall beneath the standard of those offered by our exhibitors.

As always, I invite you to venture forth and visit our member antiques shops that also look forward to opening their doors to all of you who will be coming to New Hampshire. Many have extended hours to accommodate those traveling from afar. Pick up our Directory of New Hampshire Antiques Dealers or go online (NHADA.org) to find locations of members.

Enjoy your visit to our show and also to New Hampshire and its history. We

were the ninth colony to ratify the Constitution, thus giving the necessary two-thirds majority to establish the good old United States of America. Thank you all for coming and partaking of what both our participating dealers and the ambience of our "Live Free or Die" State have to offer.
