We are offering at no reserve the fine and rare antique doll collection of Agnes McDonald. Agnes was a long time collector of antique dolls.

Over many decades she collected and also made doll clothes out of antique fabrics for the sheer joy of it. Now in her 94th years, Mrs. McDonald would like to see these dolls she's loved over the years got to other likeminded collectors. Included in this collection is a rare working automaton, a key wind doll believed to belong to Sam Adams great granddaughter, several rare large French dolls and more. The auction also includes Victorian doll furniture and clothes. This is an online only auction although in person inspections are permitted by appointment. Please call us at 781-324-4400 to schedule an appointment up to the day before the auction. Absentee and

Phone bids accepted up to 1 hour before the auction.
