Gaudreaus Auction Company
has been consigned to sell the
contents of a writer's home in
Hampton, CT.

We have uncovered 6 original works
signed and (mostly) dated by Luis
Jimenez, famous and sometimes
controversial Mexican American
artist who was lifetime friends with
the late, Erik Sandberg-Diment, a
freelance writer/Artist who work in
many different genres of writing
and art and lived in Hampton, CT.
for most of his life.

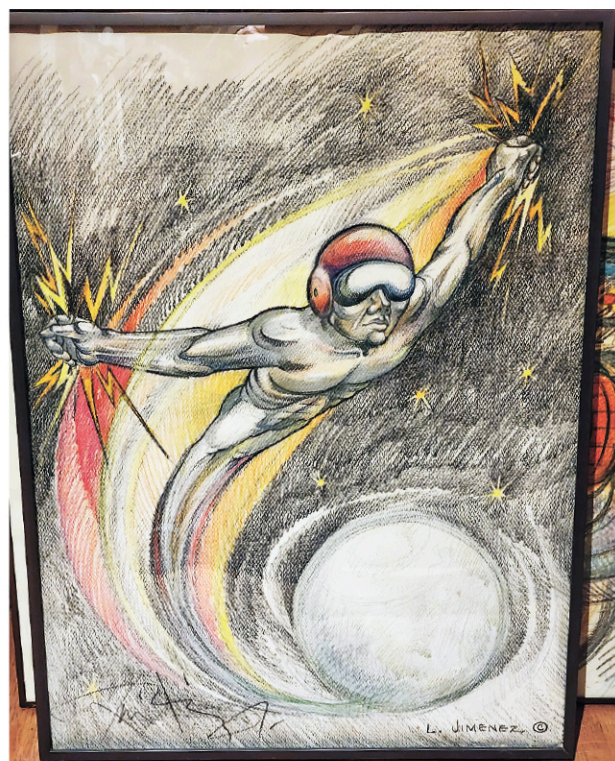

These pieces were believed to
be completed by Jimenez in the
writer's studio in Hampton, CT. and
gifted to his friend(s) while visiting
Connecticut on separate occasions.

We will also sell several pieces of
art that the past owner of said estate
did as a hobby. This vividly bright,
modern artwork will be sold live at
the gallery following the Jimenez
art.
