A note to our buyers: It has taken our team over six months to inventory this excellent, multiple estate collection of 100+ firearms, 2½ tons of ammo, reloading supplies, knives, military items, archery, fishing, hunting and other related sportsman items. The main collection comes from the estate of a dedicated New York State Department of Transportation employee. His personal collection has been cultivated for more than 50+ years and is being sold with no reserves or minimums. All customers must pass background checks on guns and ammo purchases, according to federal and New York State laws. • Consignments are welcome for this auction and our 53rd Anniversary Estate Antique Auction on April 21, 2024, featuring hundreds of items to include antiques, art, jewelry, coins and much, much more!
