We will be auctioning the complete contents of abstract sculptor Greg Mayo, many large outdoor works measuring up to 18' high, unique original designs using a variety of metals and mediums. Approx. 70 sculptures will be sold, along with lots of decorative metal objects, his complete shop with equipment, and furnishings, as he lived on the premises also. We are still cataloging, as we still unearth goods...

(The first 75 lots will be sold live and online with www.liveauctioneers.com, then an old-fashioned walk around auction in the shop and outside.)
